

41 Winners for the National Spanish Examination 2010 in the Upper School

The National Spanish Examination is an annual contest sponsored by the American Association of Teachers of Spanish and Portuguese (AATSP). This year alone, over 4000 teachers throughout the United States gave the exam to more than 175,000 students. This exam measures and recognizes the proficiency and achievement of each participating student across United States who is studying Spanish as a second language.

As in years past, the Spanish students of Stone Ridge have made a superior showing and should be very proud of their performance. The results of their efforts include, 41 certificates given at the National level to the best percentiles and 13 gold medals given at the State level to the top 5 percentiles.

This year awards are given for National Achievement and recognition at three levels, and are defined as follows:
